Welcome Flame Tech to the Travis Family

Travis Industries would like to welcome our newest member of the team, Flame Tech. Travis Industries is very selective with who sells and promotes our products, with guidelines that must be adhered to in order to be a dealer. Flame Tech's professional business model fits Travis dealer expectations.

Travis Industries is the largest privately owned hearth manufacturer, building the finest hearth products in the world for almost 40 years. Travis manufactures products under the brand names of Lopi, Fireplace Xtrordinair, Avalon, Tempest Torch, and Davinci Custom Fireplaces. Our 11 Acre state of the art facility is located in Mukilteo Washington just 30 minutes north of Seattle. President Kurt Rumens heads up the 500 employees at the factory, that proudly can state "**Built in the USA**".

Travis currently sells products in the USA, Canada, Australia, and Japan.

With our business motto, "It's not just business it's personal" Travis Industries understands how important a great working relationship is with our dealers.

All of us at Travis Industries are looking forward to our business together with Flame Tech.
